TRANSFORMING OUR WORLD: EUROPE AND THE ROAD TO 2030

THIS IS A STORY ABOUT TRANSFORMATION

About how Europeans are working together to bring real change to the lives of millions of people around the world. It is the story of all those people, and it is also your story.

Our goals for the 2030 agenda consist of 17 ambitious targets for making our world's problems faster better places ten years from now.

There are the Sustainable Development Goals, The 17Gs. The Goals belong to the whole world, but Europe is there - through advocacy and support. Depending on commitment and more in the field - including Partnership for our Planet and its People, for there will be Prosperity - for the rest of the world combined.
